**Dr. Balkrishna Nikam
Org. Secretary**

INVITATION

Namaskar,

Dermatology has been evolving through interesting times. Dermatosurgery, an integral part of Dermatology, has been one of the important pillars which help us deal with a large number of commonly encountered dermatological conditions. Because of the inherent nature of the surgical field, innovations and improvements in techniques are the order of the day. In an effort to make procedures more patient friendly and cosmetically more acceptable, a lot has been built upon the basic concepts that have been practiced since long. Also, newer procedures, which have broadened our horizons and are enabling us to be of service to more and more patients, are now available to us.

To meet these advances in dermatosurgery, Dermatologists Foundation Karad under the auspices of SIG - Dermatosurgery (IADVL Academy) & IADVL Maharashtra, would love to invite you to our hometown in Southern Maharashtra to be part of a CME, that we expect to be nothing less than enthralling. The sessions are planned to provide a very comprehensive update on the latest developments in Dermatosurgery.

Awaiting eagerly your arrival in Karad.

Warm Regards,

ORGANISING COMMITTEE

DR. MOHAN KALE Org. Chairperson
